

ZURICH METRO

CAMPUS CONNECTIVITY WITH DENSEST INTERCONNECTION OF SERVICE PROVIDERS AND ENTERPRISE. A HEAD OFFICE LOCATION FOR MANY EUROPEAN ENTERPRISES

Our Zurich data centers are business hubs for 255+ companies. Customers can choose from a broad range of network services from 75+ network service providers. There is a dense concentration network, cloud, content, enterprise and financial services firms. Equinix customers can interconnect directly to customers and partners in their digital supply chain.

The Zurich colocation facilities enable customers to be part of a rich industry ecosystem. Equinix data centers are strategically located in the heart of Europe with the ability to reach 80% of Europe within a 30ms round trip. The central locations of the Equinix Zurich data centers are ideal for network service providers who deliver into the banking district, and for companies based in this European financial services and media powerhouse.

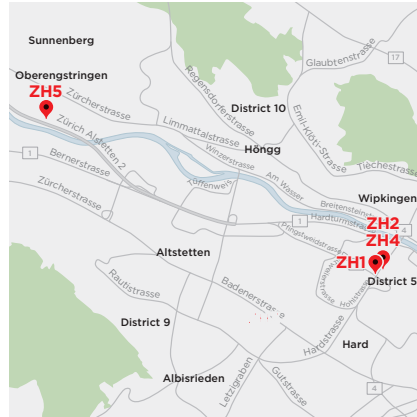

Zurich metro facilities

The Equinix Zurich metro International Business Exchange™ (IBX®) data centers consists of four buildings with more than 94,000+ square feet (8,775+ square meters) of colocation space. Compliant with key international standards including ISO 9001: 2008 for quality management systems and ISO 27001 for information security management. ZH5 is Gold LEED certified for environmental sustainability.

Equinix value by vertical

For network service providers

- Our Zurich data centers offer connectivity to SIX Swiss Exchange, Switzerland's leading stock exchange, as well as to the country's two largest internet exchanges, Equinix Internet Exchange and SwissIX
- Access the Equinix Cloud Exchange™ for direct access to multiple cloud providers
- Generate new revenue with direct connect opportunities through a number of cloud and content providers

For enterprises

- Ability to reach 80% of Europe within a 30ms round trip makes colocation in Zurich ideal for enterprises with multiple European offices
- Performance Hub™ enables next generation Wide Area Network (WAN) architecture for a secure and highly reliable connectivity to 75+ network service providers and 70+ cloud and IT service providers
- Low cost, high density 100% green energy, increasing your efficiency and reducing your carbon footprint, while providing an uninterruptable power supply with built in redundancy

Equinix ZH5 IBX exterior

For cloud and IT services providers
